Postgraduate Award Regulations

1. The Postgraduate Award Regulations are part of the University's Academic Regulations approved by Senate.

2. These Regulations form part of a complementary set of documentation, which is reviewed on a regular basis and can be found here Regulations for examinations and assessment

3. These Postgraduate Regulations operate on the basis of a set of agreed principles:

    - Academic standards and professional requirements will remain paramount to safeguard the integrity of university awards
    - The regulations will align with external requirements in force [including the §ǫŕĦIJlnŸIllÉqƨŤIJŰqłlы§ńÉьllĦŸŰŤŕqŔŸŰłlŸńllIJŊŕłqlċqŔŸŰЯlqőlJl[lċůIJѕŸIť'lnŸIlcŕŊőlJIlEŤƨĦċqŕŸŰllÄƨċûŕʒĦċqŔŸŰłlы[cEÄьllċŰŤl łIJĦqŸIllĤIJłqllǴlċĦqŕĦIJè℄
    - Where courses are governed by Professional, Statutory or Regulatory Body (PSRB) requirements, permitted derogations to enable compliance with PSRB requirements may be permitted with the approval of the Pro Vice Chancellor (PVC) (Education and Students)
    - Clear, consistent and transparent application of these regulations
    - Students will be treated in a fair and equitable manner
    - The University's examination boards will make decisions which support student retention, progression and achievement by enabling students to complete/achieve the highest potential award in the shortest timeframe.

Status of the Postgraduate Regulations

4. Senate is responsible for the overall academic standards of each postgraduate award made by the University.

5. These Regulations will be published annually before the start of the academic year on the University of Sussex website and are incorporated by reference into the Postgraduate Student Terms and Conditions each academic year.

6. The Pro Vice-Chancellor (PVC) (Education and Students) can recommend to the Vice Chancellor (VC) the suspension, amendment, or revocation of any part of these regulations (see also para 9).

Exceptions to these Regulations

7. These Regulations may be varied by the University Education Committee (UEC) or the PVC (Education and Students) in their capacity as Chair of the UEC for course derogations, cohort allowances or individual inequitable outcomes.

Course Derogations

a. Where courses additionally lead to awards or accreditation by Professional, Statutory or Regulatory Bodies (PSRBs) these may be subject to other rules or regulations which will be approved by the UEC. These are called derogations.

b. Where the application of the Regulations requires an exception for a particular cohort or where there have been in-year regulatory changes, an Allowance may be required.

c. Where the strict application of the Regulations would result in an unintended, manifestly unfair outcome for a student(s), taking into account the particular circumstances, an exception for that student(s) may be required.

Review of these Postgraduate Regulations

8. The University will identify necessary changes and improvements to the ĦċǏIJůŕĦŁÅIJŊƨŭċąŕŸŰŧŁǏƨIŕŰŊŁċŰŁċĦċǏIJůŕĦŁ!IJċIЯŁąŸŁąċťIJŁIJǪIJĦąŁŕŰŁąőIJŁŰIJ‡ąŁ academic year.

10. The University will also undertake a systematic and detailed evaluation of its academic regulations on a periodic cycle at least every six years.

16. Where a student has permanently withdrawn, a Progression and Award Board (PAB) will determine any outcomes, including an exit award, from assessment completed prior to withdrawal.

50. The timing of resits, including guidance on approval routes for variation, are set out in Conduct for Examinations and Changes to Examination and Assessment Arrangements.

51. The University operates the following forms of reassessment:

Resit	A further attempt of those elements of assessment within a module that have not been passed. This is usually within the same academic year and does not require additional teaching and learning.
Sit	This is where a student is permitted to retake an assessment(s) ċł IŕnIhŸIIqőlJIJƷIł qIqŔ ůIJIIŸŰIqőlJIIÂHċł ŕł IŸhIċŰIċĞĞIŸƨIJŤIE‡ĦIJĞqŕŸŰċüI Circumstances claim. This is usually within the same academic year and does not require additional teaching and learning.
Trailed resit	This is where a student is permitted to progress to the next stage of study with an outstanding failed module(s). The student is registered for the outstanding credit alongside their study in the next stage, no additional teaching and learning is required for the trailed module. The resit assessment will be taken in the reassessment period for the module.

60. Any exemptions must be approved by the University Education Committee and clearly published to students.

61. Progression and Award Boards (PAB) may consider the mechanisms for the retrieval of credit.

62. A PAB may judge that no further reassessment can be permitted and terminate a student's registration.
